

THE GAME CHANGER

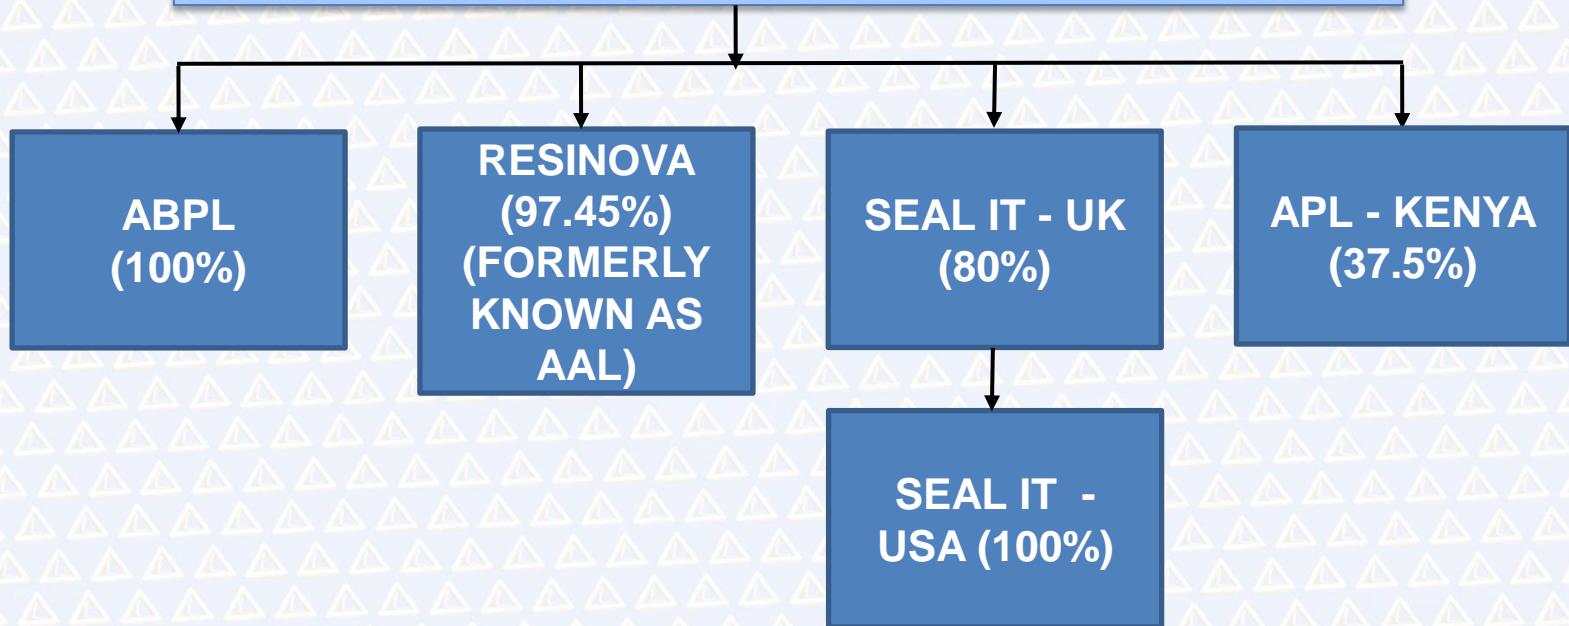

Astral Poly Technik Limited was established in 1999 with the aim to manufacture plumbing and drainage systems in India. While serving the plumbing needs of millions of houses, to further extend that company has entered into Adhesives, Sealants & Construction Chemicals to add extra mileage to India's developing real estate fraternity. Astral entered the market with their own set of rules and became the GAME CHANGERS.

ABOUT ASTRAL FAMILY

ASTRAL POLY TECHNIK LIMITED

BOARD OF DIRECTORS

Position Held	Name
Chairman (Non Executive & Independent)	Mr. K Raghunath Shenoy
Managing Director	Mr. Sandeep Engineer
Whole Time Director	Mrs. Jagruti Engineer
Independent Director	Mr. Pradip Desai
Non Executive Director	Mr. Kyle Thompson
Independent Director	Mr. Narasinh Balgi
Non Executive Director	Mr. Anil Kumar Jani

CORPORATE JOURNEY

1999

- First to receive license for CPVC piping system from Lubrizol for India

2004

- First to launch Lead Free uPVC piping system

2006

- Corp Excel-National SME Excellence Award

CORPORATE JOURNEY

2007

- First to get NSF Certification for CPVC piping system in India

2012

- First to launch Lead Free uPVC column pipes

2013

- First to launch CPVC - AL - CPVC Bendable Pipes
- Business Standard Star SME of the year
- Inc. India Innovative 100 for smart Innovation under Category of “Technology”
- Finalist in Top 15 out of 350 Nominees for the EY Entrepreneur of the year Award

CORPORATE JOURNEY

2014

- First to get BIS Certification for BlazeMaster (CPVC Fire Sprinkler Pipes IS 16088)
- India's Most Promising Brand Award
- Acquired 80% stake in UK-based adhesive and sealants maker Seal It Services Limited
- Acquired 76% stake in Kanpur based adhesives company Resinova Chemie Limited

2015

- Value Creator Award during the first ever Fortune India Next 500 India's
- Most Trusted Brand Award
- Acquired balance 24% stake of Resinova Chemie Limited

CORPORATE JOURNEY

2016

- Most Trusted Pipe Brand Award by TRA
- ET Inspiring Business Leaders of India Award
- Merger of Resinova Chemie Limited into Advanced Adhesives Limited and subsequently changed the name to Resinova Chemie Limited
- Seal IT Services Limited, UK Based Subsidiary acquired Silicone Tape Business in USA

GLOBAL PARTNERS

- The Lubrizol Corporation is an innovative specialty chemical company that invents technologies that improve the quality and performance of their customers' products in the industrial and consumer markets.

- Spears' broad product line offers a complete selection of 1/8" through 12" injection molded fittings and fabricated fittings through 48", many specialty products, and a full complement of manual and mechanically actuated thermoplastic valves in a variety of types, sizes and configurations.

GLOBAL PARTNERS

Alca PLAST®

- First Plast is skilled in manufacturing building plastics and produces at modern plants in Altare (SV) drainage systems such as drainage channels, ground accessories, rainwater gutter and solvent cement fittings made of PVC.

- AlcaPlast is one of the largest manufacturers of sanitary ware in Central and Eastern Europe. Besides its traditional product range of fill and flush valves, it also produces concealed WC installation systems, plastic cisterns, bath siphons and shower-basin siphons..

% Of Margin	5.25%	6.73%	6.42%	7.38%	(1.00%)

- Pursuant to the scheme of amalgamation, the Company has given an effect of amortization of intangible assets of Rs. 368 mn in FY 16.

ADHESIVES BUSINESS SALES DETAILS (RS. MN.)

CHALLENGES IN FY 15-16 FOR PIPE BUSINESS

- CPVC raw material price drop by 15%+ in 2nd half (peak season) affected inventory losses and resulted into lower EBIDTA.
- PVC prices were also highly volatile during the previous year.
- Closure of Baddi operations affected fitting business and supply issues. Also incurred one time expenditure on closure.
- Implementation of SAP affected operations in 1st quarter resulted in loss of sale.
- Increase in capacity (capex) by 25% which will generate results in the coming years.

GROWTH DRIVERS OF PIPING INDUSTRY

- As per KEN research piping industry in India to grow between 15-20% CAGR for next 5 years. (estimated to be Rs. 32,700 Cr.)
- GDP growth in the range of 7-7.5% with Government's big thrust on infrastructure, irrigation and rural development.
- GoI is proposing to bring 28.5 lacs hectares under PM's Krishi Sinchai Yojana. 89 irrigation projects will be fast tracked. Proposed to spend Rs. 86,500 Cr. on irrigation projects in 5 years. Astral has just started its journey in agri. piping.
- Housing for all and construction of Smart Cities will further boost demand for pipes.
- GoI is promoting tourism industry, which will give boost to hotel industry.
- Hope of GST implementation from FY 17-18 will give better edge to organized players.
- Crude prices have bottomed out now, hence expected to increase in coming quarters.

FUTURE OUTLOOK OF PIPE BUSINESS

- Controlling the credit period of distributors to improve the working capital cycle and reduce credit risk.
- Hosur plant operations started gearing up will help in reducing overall logistics cost.
- Launch of higher dia chambers up to 1,000 mm.
- Focus on agri pipe.
- Intend to increase distributors & dealer network in coming years.

GROWTH DRIVERS FOR ADHESIVE INDUSTRY

- Adhesive, Sealants and Building Chemicals Industry of India is estimated to be Rs. 100,000 Mn.
- Per Capita consumption of Adhesive is 9.4 Kg in Germany, 9.1 Kg in US and 6.4 Kg in Japan. China it is 1.5 Kg and India is having only 0.2 Kg.
- Similarly per capita consumption of Adhesives is Rs. 50/- in India versus Rs. 750/- developed countries.
- Adhesive industry is growing at 15%+ CAGR in India and China.
- The main Growth driver for industries are wood work, packaging, construction and automotive and all these segments are growing in India.
- With continuous increase in urbanization and demand for fast and modern constructions, the demand for adhesives and building construction chemicals is going to grow at a higher pace.
- Expectation of growth in furniture, packaging and construction industry because of housing for all and construction of 100 new smart cities.

UPDATE ON POST ACQUISITION ACTIVITIES

- Automation and modernization of Kanpur facilities.
- Creation of balance between production capacity and packaging capacity.
- Introduction of Salman Khan as brand ambassador and change in packaging.
- Participation in various trade fairs and exhibitions in India and abroad to promote brand.
- Addition of new dealers to the tune of 50,000.
- Market study on cross selling opportunity between Astral and Resinova network – started selling WELD-ON in Resinova network.
- Last year Resinova has grown by more than 20%.

FUTURE OUTLOOK OF ADHESIVE BUSINESS

- Expansion of existing capacities by debottlenecking and automation of various processes.
- Introduction of Seal-It products of UK & US in India.
- Cost optimization because of operationalization of new manufacturing facility at Ahmedabad which will reduce logistics cost in west zone.
- New product launch in construction chemical and other verticals will start once Ahmedabad plant will be operational. (2nd Quarter of FY 16-17)

KEY TAKE AWAYS

- Excess volatility in raw material price in CPVC & PVC has almost bottom out and henceforth it will be positive for the group.
- New capacity addition will start generating revenues in coming quarters.
- Continuous efforts on branding and creating additional network in pipe & adhesives will start contributing in coming period.
- Decentralization of manufacturing facilities will also add to the top line and bottom line.
- Benefits of SAP will start helping effective management of working capital and other decision making process.
- Contribution from new product will start flowing in coming years.
- Introduction of UK & US products in Indian market and vis a versa will add to the growth.
